PREAMBLE

St. Michael Corkery Cemetery (Ottawa-Carleton), in presenting these by-laws, wishes to underline that they are not enacted solely for its own benefit, but also to protect the interest of the Interment Rights Holders; to enhance the beauty of the Cemetery; and to provide an effective administration.

The reader is referred to the Certificate of Interment Rights wherein it is stipulated that all Holders covenant to conform

- i) to the actual by-laws of the Cemetery and to all amendments or new regulations that may hereafter be enacted; and
- ii) to the provisions of Funeral, Burial and Cremation Services Act, 2002, and its Regulations.

PURPOSE OF THE CEMETERY

The cemetery is a place set aside to be used for the interment of human remains. It includes land and other structures intended for the interment of human remains.

In the very earliest days, the Roman Catholic Church found it necessary to make rules and regulations which would protect the sacred places and relics laid therein. The Church could not and would not allow anything within the holy precincts which would desecrate them, lessen their beauty or bring dishonour to the dead.

The word "Cemetery" recalls our faith in Christ, and reveals His promises. It means "The Sleeping Place". Hence, Catholics revere the cemetery and are particularly solicitous that it shall be well kept and protected from desecration.

28. Flat markers are to be set flush with the ground.
29. The Cemetery reserves the right to determine the size of the bronze and granite flat markers to be set on a lot in order to maintain uniformity throughout the section.
30. All bronze markers must be permanently attached to a uniform 10.16 cm (4 inches) thick pink granite base, smooth sawn on all sides.
31. All markers must be fully identified (section, lot, row) and proper documentation must be remitted at the administration office at the time of delivery.
32. All granite markers shall be smooth sawn on all sides and shall be a minimum of 10.16 cm (4 inches) in thickness.
33. The pink granite base referred to in #30 above must be 10.16 cm (4 inches) larger in length and width than the bronze marker to allow for a 5.08 cm (2 inches) granite border around the marker. However for bronze marker 35.56 X 17.78 cm (14 X 7 inches) and 40.64 X 22.86 cm (16 X 9 inches), the pink granite base will be 5.08 cm (2 inches) larger in length and width than the bronze marker, therefore allowing only a 2.54 cm (1 inch) granite border around the marker.

CORNER POSTS:

34. Granite or bronze land marks 15.24 cm (6 inches) square and not less than 10.16 cm (4 inches) and not greater than 15.20 cm (6 inches) deep, dressed on all sides and bearing the section, lot and row number and if desired an initial, may be installed at the foot of the lots or plots measuring 7.432 square metres (80 square feet).

PART H: MISCELLANEOUS

1. NO PROPERTY RIGHTS:

- The sale of Interment Rights in a lot only confers upon the purchaser / Holder a right of interment. No property rights in the lot are transferred to the purchaser. The purchaser of interment rights in a lot is the owner of any monument or marker purchased by him (her) and placed thereon and such monument remains at the risk of the purchaser. In the event it becomes necessary to reconstruct or repair monuments or memorial on any lots, the provisions of Part H "Markers" shall apply.

2. RESPONSIBILITY DISCLAIMED:

- The Cemetery disclaims all responsibility for loss or damage from causes beyond its reasonable control and especially for damages caused by what is commonly referred to as "an act of God", damages caused by the elements, thieves, vandals, trespassers, accidents or any other perils whether such damage be direct or consequential.
- Damages caused as a result of any of the aforementioned perils to a monument, marker or other appurtenance located on a lot, shall be at the risk of the Interment Rights Holder.

3. NOTICE AND CHANGE OF ADDRESS:

- Interment Rights Holders shall notify the Cemetery of any change in mailing address. Notice(s) sent to a Holder at the last address noted in the Cemetery records shall be deemed to have been received by such Holder.

4. CONSENT BY INTERMENT RIGHTS HOLDERS:

- Where a Holder is required to give a consent in accordance with these by-laws or in accordance with the Act and Regulations under the Act and where such Holder is deceased or not able to consent, the consent shall be given by the Holder's legal representative.

5. AMENDMENT OF BY-LAWS:

- The by-laws of St. Michael Corkery Cemetery may be amended, altered, repealed and rescinded by the Cemetery and all such amendments and modifications shall take effect when approved by the Hope Cemetery.
- These by-laws replace and supersede the by-laws published by the Cemetery and approved by the Hope Cemetery on March 21,

2018. However, interment rights acquired under the previous by-laws remain unchanged.

6. RECOMMENDATIONS:

- Headstone: List of names not vertical but side-by-side (man on the LHS, woman on the RHS). Burials follow the same convention (man on the LHS, woman on the RHS).
- Multiple burials on one lot: The headstone should have the names of those interred inscribed on the headstone. If no room on the front of the headstone, perhaps the names of those interred could be inscribed on the back of the headstone; especially if many urns interred on the lot. It is NOT permitted to install flat markers for each person interred on a lot. As indicated in Part F, item 2 of the by-laws: “One marker only shall be erected on any type of lot”. Note: Corner markers are also allowed for any lot or plot.
- Recommend that corner markers be installed upon the purchase of a lot or plot.
